HOW TO BUY

DRAGONWEAR.COM

800-873-5725 (8AM-5PM PST)

See our complete line of products online at our website **dragonwear.com**. You'll find our site fast and easy to navigate with detailed descriptions and reviews. You can also locate a dealer near you, purchase through online dealers, view images and videos of our clothing, and learn more about our story.

SEE HOW WE CAN PROTECT YOU

CAT 1

Single base layer of FR protection. Required minimum Arc Rating 4 cal/cm². PPE Categories are used to determine the necessary arc rating of a garment worn during a given job task.

CAT 2

One or more layers of FR protection. Required minimum Arc Rating 8 cal/cm². PPE Categories are used to determine the necessary arc rating of a garment worn during a given job task.

CAT 3

One or more layers of FR protection. Required minimum Arc Rating 25 cal/cm². PPE Categories are used to determine the necessary arc rating of a garment worn during a given job task.

ANSI 107

American National Standards Institute industry standard that specifies requirements for high-visibility safety apparel and headwear that is capable of visually signaling the user's presence. DragonWear® meets Class 3, Level 2.

CSA 296

Canadian Standards Association requirements for high-visibility safety clothing for Canadian workers. DragonWear® meets Standard CSA Z96-15, Class 2.

NFPA 70E

National Fire Protection Association standard for electrical safety in the workplace.

NFPA 2112

National Fire Protection Association standard for protection of industrial personnel against flash fire.

ASTM F1506

Standard performance specification for flame resistant and electric arc rated protective clothing worn by workers exposed to flames and electric arcs.

MID LAYER

LIVEWIRE™ 1/4 ZIP SHIRT

Our Livewire™ 1/4 zip shirt provides unmatched warmth and greater protection to help you stay comfortable and safe in frigid temperatures. Constructed with our new, proprietary 4-way stretch FR fabric for freedom of movement, this shirt's smooth jersey face and channel knit construction uniquely channels airflow and increases a quick dry time. An extra-long hem with flatlock sewn construction and 1/4 zip neck with stand-up collar support our design philosophy around comfort and access. Increased wind resistance and moisture wicking properties make the Livewire™ a versatile, must-have garment for all seasons.

- » Inherently fire and arc-resistant garment
- » Moisture-wicking properties paired with increased wind resistance
- » Jersey face and lofted channeled fleece back uniquely channels airflow
- » 1/4 Zip neck with stand-up collar
- » Extra-long hem with flat-lock seam construction
- » Extra durable wash and wear performance
- » DragonWear® Inherent Tri-Blend FR Fabric with Spandex 12.3 oz/sq yd

OUR STORY

Parent company True North Gear® has invested over 25 years into the research, design, testing and manufacturing of durable and innovative clothing and gear in support of the utilities, oil and gas and select first responder markets. In 1992, founder Alyx Fier began the company in his garage with a home sewing machine after he saw an unmet need for dependable products intentionally designed around customer needs. Since then, True North has grown from a one-person operation to an ISO 9001 registered multi-brand company whose products are distributed worldwide. Though we've grown, our company headquarters are still in Seattle, WA, just up the street from the garage where it all started.

Over the years, we have stayed true to our heritage of seeking out and harnessing user feedback to create new design solutions or upgrade existing ones. We provide the pinnacle in performance through a design philosophy that embraces durability, comfort and protection as inclusive elements. Designing and delivering dependable products is essential to the vitality of our organization and our overarching mission to support and protect a customer base that operates in life-risking environments every day.

We welcome all feedback on our products and service, and encourage you to reach out and share your thoughts with us.

800-873-5725 | info@dragonwear.com | dragonwear.com

WHAT WE'RE MADE OF

All DragonWear® fabrics are inherently flame-resistant, tested both in-house and at independent state-of-the-art laboratories, and pass relevant industry certifications. We use advanced proprietary fabric technology in support of our design philosophy that durability, comfort and protection are inclusive elements. Our products offer the ultimate in breathable, moisture-wicking performance without sacrificing water-repellent durability and wind-resistant warmth. The permanent fire-resistant protection won't melt, drip or wear off, and cannot be washed away.

OUR PROMISE

Committed and caring customer service and a lifetime material warranty on all products further distinguishes DragonWear's customer-driven focus. All products are covered against defects in the materials and workmanship, and complimentary repair or replacement of items with a manufacturing defect will be provided for the practical lifetime of the product. Damage due to wear and tear may be repaired at a reasonable charge.
